MSI Specialist Interest Group Festival

16 – 25 June 2025

Business Valuation

The Business Valuation SIG is comprised of MSI member professionals to discuss approaches in business valuation methods and standards.

ESG: Environmental, Social and Governance

The group is open to members who are involved in ESG activities and would like to connect with fellow accounting and legal professionals in MSI. It aims to encourage the sharing of resources and practical solutions for supporting clients and delivering ESG-related services.

International Audit & Accounting

The International Audit & Accounting SIG is comprised of MSI member professionals in public practice with an interest in accounting and financial reporting standards.

International Tax

The International Tax SIG provides a forum for tax professionals of MSI member firms to share knowledge, best practice and network with fellow members. This group welcomes individuals involved in tax related matters within their accountancy or law firm.

Labour & Employment

This group is open to any legal professionals with experience in labour & employment.

Marketing & Business Development

The aim of the Marketing & Business Development SIG is to provide a platform for discussion, information sharing and ideas; and to initiate joint marketing and business development opportunities.

Mergers & Acquisitions

The M&A group provides a space for those involved in mergers and acquisitions activity to meet, interact, share knowledge and discuss industry trends.

Private Clients & Estate Planning

A group for private client and estate planning practitioners to exchange ideas, share updates and discuss key developments.

Real Estate

The group welcomes lawyers and accountants specialising in real estate transactions of all natures with an interest in cross-jurisdictional issues and or clients with such needs.

Technology

The group is open to members navigating technology-related challenges within their firms. There are two separate sessions: one for law firms and another for accounting firms.

Transfer Pricing & Tariffs

The SIG is open to MSI members who have international clients with transfer pricing matters. The group will also cover the implications of recent US tariff changes.

US Audit & Accounting

The US Audit & Accounting SIG is comprised of MSI member professionals in public practice with an interest in US accounting and financial reporting standards.

US Tax

This group welcomes individuals from US member firms who are involved and handle US tax client work.

VAT & Indirect Tax

The VAT & Indirect SIG welcomes individuals who handle VAT and indirect tax client work.
