**Rules regarding entering the country with biometric passport**

Ukrainians with biometric passport do not need a visa to enter the Schengen area and therefore to France. If you are Ukrainian and wish to enter France, and you have a biometric passport, you do not need to apply from a visa to consular authorities.

**Rules regarding entering the country with passport other than biometric**

If you are Ukrainian and wish to enter France but you do not have a biometric passport or travel documents, you can go to a consular post in a country bordering Ukraine (for example Poland, Romania, Hungary etc.) so that your situation can be studied.

**May Ukrainian refugees work without a permit?**

A discussion is scheduled for Thursday, March 3rd at European level for the establishment of a special status of temporary protection granted to refugees. This status will immediately entitle them to a work permit in France and while waiting for a work situation, the Ofii will pay an allowance to all the people who will have this temporary protection,

**Are there any restrictions connected with Covid at the border and after arrival?**

The entry conditions to French territory are defined by the classification of departure countries (countries and territories on 'green' and 'orange' lists),=. Upon arrival in France, travellers should download the application TousAntiCovid, continue to strictly respect protective measures and physical distancing, wear a face mask and be vigilant and act responsibly if symptoms appear or if they are infected.
